THE RECREATIVE EVENING SCHOOLS ASSOCIATION

To the Editor of *The Times*

Sir,— Will you allow us, through your columns to appeal to the public for assistance in the volunteer work of this association? We hope next winter session to introduce our recreative and practical classes into some 100 Board and Voluntary Schools in the metropolis, and for those we shall require 1,000 teachers. The experience of the past winter has justified our expectations of the success of the recreative method, and proved that beyond comparatively slight expenditure we need nothing but volunteers. The subjects are simple, especially those which will require the largest number of teachers. Thus, musical drill and the use of the magic lanterns can be learned in a very few lessons; singing, drawing, and sewing of an elementary nature can be taught by any one who can sing, draw, or sew; and by the valuable aid of the Home Arts Association we are able to provide professional teachers for those who are willing to help in our classes for modelling, wood carving, and design. The time we ask for will not exceed one hour a week for each person; and we therefore trust that many will be able to help, the work being found by experience to be very interesting and agreeable and the time of attendance short.

Any one who is willing to assist by gift of time or money is requested to communicate immediately with the secretary, 2, Swinton Street, WC, as it is desired to organise classes of volunteers at once.

On behalf of the association, we are, yours, &c.,

Marvin Snelgrove
Maurice Niven
Newton Parsons, Hon. Sec.

THE DUKE OF WELLINGTON'S BIRTHPLACE

To the Editor of *The Times*

Sir,— I have today deposited at the Military Exhibition at Chelsea a most valuable piece of evidence as to the birthplace of the great Duke of Wellington — his census paper of 1851, the first line written by his own hand. In it he states he was born in Ireland, he believes at Athy. This document was given to me and my sister as a great treasure by our friend Major G. Graham, the late Registrar-General.

I trust that it will end all controversy on this matter.

Faithfully yours,

C.G. PALMER

DISASTERS AT SEA

A Reuters' telegram from Dunkirk says that the British steamer Talisman, bound from Leith, took the ground on Saturday night in the outer harbour, after colliding with the jetty. She has a breach in her bows, but was being lightened and would possibly be able to dock shortly.

Captain Lambert and eight of the crew of the steamer Emma were landed at Southampton yesterday from St. Malo. The Emma left Sunderland for Bordeaux on Monday last with coal, and on Sunday night struck a rock off Ushant, sinking four minutes after. All on board were saved in an open boat and landed at Brest the next morning.

The Volksraad was opened yesterday, and the acting President strongly advocated the laying of railways. The action of the Volksraad is uncertain, but there is little doubt that the Cape Parliament would approve the Colesburg-Bloemfontein extension, should the republic co-operate.
